

# Vascular Biology 2018 - Meeting-at-a-Glance

## Biology of Signaling in the Cardiovascular System

## Vascular Inflammation

### Sunday, October 14

1:00 - 6:00pm

#### Pre-Conference Meeting

Organized by Nicolas Chavkin, Yale University and Thanh Theresa Dinh, Stanford University  
Featured Speaker: Courtney Griffin, Oklahoma Medical Research Foundation

6:30pm

#### Joint Opening Session

Keynote Lecture by Paul Kubes: *Imaging sterile inflammation and repair*  
Presentation of the Travel Awards

8:45pm

#### Welcome Reception

### Monday, October 15

8:00-10:00am

*Non-coding RNA: Targets and Mechanisms*

*Vascular Permeability in Inflammation*

10:30am-12:30pm

*Intersection of Lipid Metabolism and Vascular Health*

*Lymphatic Vessels in Inflammation*

12:30-2:00pm

#### Lunch and Learn

2:00-4:00pm

*Neurovascular Niche and Disease*

*Leukocyte-Endothelial Cell Interactions*

4:15-5:15pm

#### Nano-Talks

7:00-10:00pm

#### Posters and Exhibits

### Tuesday, October 16

8:00-10:00am

*Signals that Control Angiogenesis and Vascular Remodeling*

*Inflammation in Vein Grafts and AV Fistulas*

10:30am-12:30pm

*Paracrine Communication between Organs and Vasculature*

*What Makes Postcapillary Venules Special?*

2:00-4:00pm

#### Member Proposed Joint Session: Resolution of Inflammation

4:30-6:30pm

#### BIOINFORMATICS BOOT CAMP: INFORMATICS IN DISEASE BIOLOGY AND DRUG DISCOVERY

7:00-10:00pm

#### Posters and Exhibits

### Wednesday, October 17

8:00-10:00am

*Blood Vessel Morphogenesis and Vascular Malformations*

*Bioactive Extracellular Vesicles*

10:30am-12:30pm

*Lymphangiogenesis*

*Cardiovascular Omics*

1:45-2:15pm

#### NAVBO Membership Business Meeting

2:00-4:00pm

#### Award Presentations and Lectures

7:00-9:00pm

#### Joint Session: Vascular Therapeutics

### Thursday, October 18

8:30am-8:35am

Presentation of Outstanding Poster Awards

8:00am-12:00pm

#### Joint Session: Signaling in Vascular Inflammation
